IMPORTANT NOTE: SPECIALTY MEDICATIONS

Specialty medications are expensive drugs used to treat certain serious medical conditions. If you are prescribed a specialty drug, you may have the opportunity to reduce your out-of-pocket costs by enrolling in the FlexAccess program.

This program can help you identify manufacturer copay assistance coupon programs to make your medicine(s) more accessible and affordable. If you are taking an eligible medication, you will receive a letter from Horizon Pharmacy regarding this program to assist you in enrolling.
